Opals News
The Opals are beginning their process of deciding on a topic and developing their speeches for our Public Speaking competition to be held later this term. For art they are working on sketching insects, being encouraged to observe and include the fine details in their sketches. Over the next few weeks they will represent insects using different medium and then create one in 3D. I’m looking forward to their creations.

Diamonds News
My heart nearly leapt out of my chest with pride and admiration for our amazing Jiggi Gems who participated with such courage and sheer determination during the March Past and individual sporting events last Friday at the carnival.
There were also many wonderful examples of sportsmanship and fair play amongst our Gems. Well done and congratulations.

Come and sit next to your child as they work and assist them in their learning. I like to listen to our children read each day and change their readers as they need it. Sometimes, time simply runs out. May I ask, if you have an hour to spare anytime during the week to listen to kids read, please feel welcome.
